Teaching Excellence Framework: Year two

Statement of findings

Oxford Brookes University

UKPRN: 10004930

TEF Silver

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that students achieve excellent outcomes. The metrics indicate outstanding levels of satisfaction with teaching and assessment and feedback, notably exceeding the provider's benchmark.

The Panel considered the University submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- a strategic focus on excellent teaching quality including research-informed teaching
- high levels of investment in physical and digital resources which are valued by students
- excellent use of data, which informs academic support
- a developing focus on achieving excellent outcomes for employment or further study and highly-skilled employments or further study
- developments in learning and teaching consistently informed by the student voice
- a focus on teaching qualifications for academic staff, which is highly valued by staff.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
