Teaching Excellence Framework: Year two

Statement of findings

Kingston Maurward College

UKPRN: 10003676

TEF Bronze

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics indicate that most students achieve good outcomes. The outcomes for some student groups are at levels notably below the provider's benchmark for non-continuation and highly skilled employment or further study. The Panel deemed this was partially addressed by the provider submission. The metrics indicate high levels of student satisfaction with teaching, assessment and feedback, and academic support. The panel noted the limited statistical significance of the provider's metrics and regarded the evidence in the submission as particularly important in reaching an overall judgement.

The Panel considered all the information in the provider submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- investment in facilities to complement the existing estate and provide work-based experience
- an emerging institutional culture which facilities and recognises excellent teaching to complement peer observation and staff appraisal
- links to local employers offering opportunities for students to access resources in support of research projects.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Bronze award.
