TEF Bronze

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics according to the process and criteria specified in the TEF guidance.

The provider did not present a submission. The provider metrics indicate that employment outcomes for students are significantly above benchmark. Student retention is significantly below benchmark. Student satisfaction with all aspects of teaching quality is at benchmark.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics best fits the descriptor for a Bronze award.
