Teaching Excellence Framework: Year two

Statement of findings

New College Stamford

UKPRN: 10006303

TEF Silver

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics, supplemented by the submission, indicate that the College achieves excellent outcomes for all students, and is notably above benchmark with regards to assessment and feedback and progression to employment or further study, with most other areas also being above benchmark.

The Panel considered all the information in the provider submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- high quality course design and assessment practices which provide scope for appropriate levels of stretch, and ensure all students are consistently challenged and 'job ready' when they complete their course
- high levels of support for students from diverse backgrounds through the provider's Academic Support Coach scheme, and highly valued individual and small group sessions
- appropriate investment into physical and digital resources to meet the needs of students to further their learning
- good mechanisms for improving the curriculum and delivery, sharing good practice, and personalising the support for the students to maximise their readiness for employment.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
