Teaching Excellence Framework: Year two

Statement of findings

Ravensbourne

UKPRN: 10005389

TEF Silver

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that very high proportions of students continue with their studies and students from all groups achieve excellent outcomes notably exceeding the benchmark for employment or further study, and highly skilled employment or further study. The metrics indicate that students are satisfied with teaching and academic support, at levels notably below the provider's benchmark.
The Panel deemed this was partially addressed by the provider submission.

The Panel considered the submission in relation to the TEF criteria and its judgement reflects in particular, additional evidence of:

- a commitment to widening participation and recruitment from low participation neighbourhoods
- high levels of practice-based approaches to learning linked to excellent digital resources
- systematic and reflective support for innovation-based learning
- highly valued employer input to course design and extensive industry collaboration, resulting in excellent employability for all student groups.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
