Teaching Excellence Framework: Year two

Statement of findings

The University of East Anglia

UKPRN: 10007789

TEF Gold

This award was made in June[1] 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics supplemented by the submission indicate that students achieve excellent outcomes. The metrics indicate consistently outstanding levels of student satisfaction with teaching and academic support, notably exceeding the provider's benchmarks. Very high proportions of full time (majority mode) students continue with their studies and progress to employment or further study.

The Panel considered all the information in the provider submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- embedded and institution-wide promotion processes that recognise excellent teaching practice and university support for student-led teaching awards
- a strategic approach to personalised learning and small group teaching which secures high levels of commitment to studies, using an effective Peer Assisted Learning scheme to provide tailored student support
- a commendable strategic approach to employability through placements, business partnerships and a well-equipped careers service
- investment in high quality physical and digital resources that have had a demonstrable impact on the student learning experience.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Gold award.

[1] The TEF rating and Statement of findings for this provider were amended in August 2017, following the conclusion of the appeals process.
