TEF Silver

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics, supplemented by the submission, indicate that the majority of students achieve excellent outcomes, particularly in regard to highly skilled employment. The metrics indicate very high levels of student satisfaction with teaching on my course, academic support, and assessment and feedback.

The Panel considered all the information in the provider submission in relation to the TEF criteria and its judgement reflects, in particular, evidence of:

- highly positive impact on the region, particularly on participation rates and employability outcomes
- a strategic approach to monitoring, review and quality improvement
- the high quality of teaching
- highly valued personalised learning support for students
- extensive and consistent involvement of employers in the design, review and assessment of courses.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Silver award.
