Teaching Excellence Framework: Year two

Statement of findings

Warwickshire College

UKPRN: 10007859

TEF Bronze

This award was made in June 2017 and is valid for up to three years.

The TEF Panel reviewed the provider metrics and provider submission according to the process and criteria specified in the TEF guidance.

The provider metrics indicate that students achieve good outcomes. High proportions of students progress to employment or further study. Retention is notably above the provider's benchmark. The metrics indicate that the majority of NSS metrics are below benchmark.

The Panel considered all the information in the provider submission in relation to the TEF criteria and its judgement reflects in particular, evidence of:

- a clear higher education strategy, with appropriate governance structures for assuring academic standards, and oversight of collaborative arrangements
- a commitment to teaching with a focus on employment and transferrable skills which is well regarded by students
- strong student engagement
- the introduction of an institutional culture that facilitates, recognises and rewards excellent teaching.

Overall, the TEF Panel judged that the combination of evidence in the provider metrics and the provider submission best fits the descriptor for a Bronze award.
