Recommendations

2. The board is invited to receive the report of the committee.

Degree awarding powers cases

3. The Head of Degree Awarding Powers and University Title presented three cases to the committee on 28 June and two cases on 17 July.
4. The committee discussed its general view of the quality and approach of the reports and provided advice on the cases. Members considered that the reports continued to be clear and managed to present a high volume of complex information in a digestible way. Members noted that technical aspects were appropriately explained for a lay audience and considered the clear structure of the report helped readers navigate the content.
