Email:

Queries listed in the tables below relate to:

- the credibility warnings on the main worksheets in HESES24
- the highlighting on the tables in the Comparison 1, 2 and 3 worksheets
- any other queries we have about your data.

Each query is denoted by either its workbook table name or its comparison table letter and row.

The comparison table checks compare your HESES24 data with previous years. We may look at:

- HESES23 data
- 2023-24 individualised data (where available)
- 2022-23 individualised data (where available)

The checks are intended to highlight changes between years or data sources that seem unusual or unexpected; for example, where a provider has seen a substantial increase (or decrease) in provision.

We may not ask questions about all highlighting in the comparison tables. If it is possible to combine questions that relate to the same underlying change to your provision, we will attempt to do so.

Please explain the reason(s) for differences in data in the column marked 'Provider response'; where the same underlying cause relates to more than one query, please feel free to cross reference your answers. We strongly recommend that you date your responses, as this will make it easier to track the progress of any discussions. If these differences are due to an error in completing HESES24, please explain briefly why this occurred and contact your data verifier about making an amendment.

Credibility warnings

Query number	Table name	Query	Provider response
A	Tables 1 to 6c	Credibility warnings indicate where data is possible but unusual. Please respond to any credibility warnings shown on Tables 1 to 6c here.

Provider: Provider name (100XXXXX)

Table B: Fundable countable years of engagement split by mode

Query number	Table row	Query	Provider response
5	B (Mode): Full-time	For Full-time years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
6	B (Mode): Sandwich year out	For Sandwich year out years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
7	B (Mode): Part-time	For Part-time years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	

HESES24: Higher Education Students Early Statistics survey 2024-25 data verification template

Provider: Provider name (100XXXXX)

Table C: Fundable countable years of engagement split by level

Query number	Table row	Query	Provider response
8	C (Level): UG (Level 4 and 5)	For UG (Level 4 and 5) years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
9	C (Level): UG (Other)	For UG (Other) years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
10	C (Level): PGT (UG fee)	For PGT (UG fee) years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
11	C (Level): PGT (Masters' loan)	For PGT (Masters' loan) years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).	
12	C (Level): PGT (Other)	For PGT (Other) years of engagement, there is a change of 99.0% between HESES23 and HESES24 (with a change of 99.00 years of engagement).
